Mimaki's Original Affordable Solvent Ink

BS3 INK

Reliable & Low Price
The Mimaki Quality

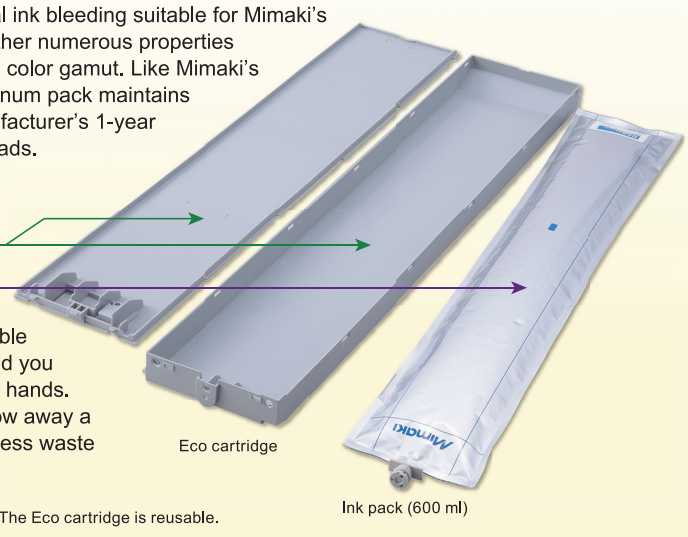
High Quality yet Low Price, with 1-year warranty of print heads
A Brand-New Mimaki's Original Affordable Solvent Ink

BS3 ink is a Mimaki's Original High Quality ink. Not only is it low-priced, but also it has achieved high drying capacity and minimal ink bleeding suitable for Mimaki's JV33 series and CJV30 series. BS3 ink has other numerous properties including high scratch resistance and the wide color gamut. Like Mimaki's other ink cartridges, ink contained in the aluminum pack maintains high quality for a long time. Additionally, manufacturer's 1-year warranty for BS3 ink users covers the print heads.

Reusable Eco cartridge

Low-Cost Ink Pack (600 ml)

The 600 ml replaceable ink pack is also available for BS3 ink. The Eco cartridge* is reusable, and you can replace the ink pack without messing your hands. Replacement is easy and simple. You just throw away a used ink pack and replace it with a new one. Less waste and more environmentally friendly!



Eco cartridge

Ink pack (600 ml)

*1 set of the Eco cartridge (8 cases) is included in a printer. The Eco cartridge is reusable.

MBIS
(Mimaki Bulk Ink System)

MBIS helps to achieve more efficient print by using 2-liter aluminum ink packs.
The ink end-detection is available, thus achieving continuous print with less misprints and wastes.

Open the Eco cartridge and remove a used ink pack. Set a new ink pack in the Eco cartridge.
